

**PUBLIC NOTICE**  
**DIVISION OF WATER QUALITY**  
**UTAH DEPARTMENT OF ENVIRONMENTAL QUALITY**  
**RENEWAL OF UIC PERMIT UTU-27-IP-88A335D**

**PURPOSE OF PUBLIC NOTICE**

The Utah Department of Environmental Quality is soliciting comments on its proposal to renew an Underground Injection Control (UIC) Class V Aquifer Storage and Recovery Permit under the authority of the Utah Water Quality Act, Section 19-5-104(1)(I) Utah Code Annotated 1953 as amended, and the Utah Administrative Code R317-7.

**PERMIT INFORMATION**

Permittee Name: Leamington Town Corporation

Facility Location: Leamington Town Culinary Water Well located at 200 South Center Street in Leamington; UIC Well ID – UTU-27-5-E1AAB076

**BACKGROUND**

Leamington Town Corporation proposes to inject water originating from the Leamington Town springs in Fool Creek Canyon and treated by gas chlorination into the Leamington Town Culinary Water Well for later recovery. The annual injection volume is limited by the 0.25 cubic feet per second (112 gallons per minute) water right Leamington has for the springs in Fool Creek Canyon as indicated in the Ground Water Recharge Permit issued by the Utah Division of Water Rights. The injected water must meet all Federal and State MCLs and Ground Water Quality Standards prior to injection. All additives introduced into the injection stream must meet all Utah Rules for Public Drinking Water Systems found in UAC R309-525-11. The spring water and the water from the Leamington Town Culinary Water Well have been fully characterized according to the requirements of the Division of Drinking Water; therefore additional characterization is not required under this permit prior to the commencement of injection. If a new injectate source is proposed for inclusion in the injectate stream, it shall be analyzed annually for a comprehensive list of parameters. Additional monitoring requirements are detailed in the draft permit.

**PUBLIC COMMENTS**

Public comments are invited any time prior to **Friday, April 17, 2015**. Written comments may be directed to the Division of Water Quality, P.O. Box 144870, Salt Lake City, Utah 84114-4870. All comments received prior to **Friday, April 17, 2015**, will be considered in the formulation of final determinations to be imposed on the permit. A public hearing may be held if written requests are received within the first 15 days of this public comment period, that demonstrate significant public interest and substantive issues exist to warrant holding a hearing.

**FURTHER INFORMATION**

Additional information may be obtained upon request by contacting Brianna Ariotti at (801) 536-4351 or [bariotti@utah.gov](mailto:bariotti@utah.gov) or by writing to the aforementioned address. Related documents are available for review during normal business hours at DWQ, 195 North 1950 West in Salt Lake City or on the DWQ web page at <http://www.waterquality.utah.gov/PublicNotices/index.htm>.

In compliance with the Americans with Disabilities Act, individuals with special needs (including auxiliary communicative aids and services) should contact Dana Powers, Office of Human Resources at (801) 536-4413, TDD (801) 536-4414.
